

2025 WCA Annual Meeting and Workshop

May 3, 2025
at Fox River Congregational Church

Building Connections Through Shared Strengths and Prayer

Join us for an interactive workshop designed to strengthen our collective ministry impact. Led by Peggy Griffith, Moderator of the Wisconsin Congregational Association and experienced facilitator, this session creates space for church leaders to share their unique strengths, honestly discuss ministry challenges, and form meaningful partnerships. Through structured activities and guided prayer, you'll leave with practical connections to fellow churches and specific ways to support one another's ministries. Discover how your congregation's gifts might be another church's answered prayer—and how together we can help all our churches thrive.
